

THE *Artistry* TOUR

— 2026 —

NATIONALS

Mendel Center · Benton Harbor, Michigan

Welcome to our very first Nationals.

When we started The Artistry Tour, a national competition was the dream we only whispered about. We weren't sure we'd earned the right to say it out loud yet. And here we are. This is our first ever Nationals, and the fact that you are reading this, in this room, is the whole reason it exists.

We have always believed that dance is about more than execution. It's about artistry, about what you carry onto that stage and what you leave with the people watching. A Nationals stage doesn't change that belief. It just gives it the biggest room we've ever had to prove it.

To the dancers: every hour in the studio, every correction, every moment of doubt you pushed through brought you to a *national* stage. To the studio directors and choreographers who trust us with your dancers: thank you for putting that faith in us. And to the families who traveled here, who planned around this weekend, who cheered until your voices gave out, your presence is what makes a first Nationals feel like a milestone instead of just another event.

There's one more thing I have to say. The Midwest is home for me. To hold our very first Nationals here, in the part of the country that raised me and that I love, means more than I can put neatly into a paragraph. I'm so grateful this milestone gets to happen on home ground, and that you're here to share it with us.

We are proud of how far this has come. Even more proud to share this chapter with you.

Warmly,

Holly Shipley-Canter and the entire team at The Artistry Tour!

She eventually settled in the Sacramento, CA area, earning her BA and Master's degrees in Dance and Education. Sally has 12 years of experience as a high school dance teacher, director, and dance team coach. She pioneered and directed Sacramento's Radio Disney dance group, which opened for the Jonas Brothers, Demi Lovato, Vanessa Hudgens, All Star Weekend, and Jump 5 over its 7-year run. A seasoned master teacher in jazz and technique, her career includes choreographing theater productions and competition routines. She performed with the professional hip-hop/jazz company "ICONS" under Chris Jones, and most recently can be seen in The Struts' "Dancin' in the Streets" video. HOW SCORING WORKS

100 pts

Each judge scores every routine out of 100 points.

—

Drop

The single lowest judge's score is dropped.

=

300 pts

The three remaining scores combine for the final result.

Every performance is evaluated by our full panel of judges. To keep adjudication fair and consistent, the **lowest individual score is dropped** and the remaining three are added together, so every **final score is out of 300 points**.
